Explanation of Service for Breeding:

TEVC offers a breeding package of \$385.00 per mare per heat cycle. Services included: artificial insemination, reproductive ultrasounds, palpations, and ovulatory agents per heat cycle to determine the stage of estrous and timing of ovulation. This allows us to order semen or collect the stallion at optimal time. We will handle all communications and arrangements to have semen shipped directly to TEVC. It is the responsibility of the mare owner to have the contract signed and paid for with the stallion owners. We will administer an ovulatory agent (included in contract fee) to insure proper timing of ovulation to correspond with expected insemination. We will continue to ultrasound the mare's reproductive system until ovulation has occurred or it is determined another insemination is needed. Included in the package is one pregnancy ultrasound exam, performed 14 to 16 days post ovulation at TEVC. Follow-up/recheck U/S at 30-40 days out, are additional. The mare's owner must advise us of the shipper's restrictions in writing (copy of breeding contract). This is to alert us to what parameters we must work with such as; days of the week the semen can be shipped, when order's must be placed, contact person, etc. Boarding fee is in addition, as is fee for returning shipping containers.

Other Potential Costs: Uterine therapy (antibiotic infusion, flushing, culturing, and biopsy), drugs (sedation, progesterone) courier fees to pick up semen at airport, shipping back disposable containers to stallion owners, caslick surgery, and any other unforeseen emergencies.

Explanation of Service for Foaling out:

TEVC offers foaling out for a fee of \$420.00/mare plus boarding. Services included: monitoring of the mare (surveillance cameras, foal alert system) Individual box stall, T/O daily (weather permitting), or indoor arena for exercise. Free choice hay & 2x/day grain. Post parturition foal care includes; tx of umbilica (3x/day), physical exam, monitoring of nursing, IGg level & PCV/TP at 15-24hrs of age, probiotics day 1,4,&7. Seven to nine days post foaling, uterine culture on mare to insure she is free of infection. This procedure is NOT included in the base fee.

Health & Management

Prior to arrival at TEVC, we require horses to be vaccinated for the following diseases. Please note at least one of the following: 1) approximate date of last vaccination or 2) vaccines needed upon arrival or 3) vaccines you do not want given. If no vaccination history is provided, animals will be vaccinated upon arrival at Owner's expense. **Please include most recent vaccination dates below:**

Eastern/Western Equine Encephalitis	(Date)	<p align="center">Farrier Services</p> <p>Trimming or shoeing will be performed as needed or as requested. Please note any special instructions and/or contact phone numbers for a farrier to call for specific instructions. Farrier services will be billed directly by the farrier, to the mare owner.</p> <p align="center">Trim <input type="checkbox"/> Full Shoe <input type="checkbox"/> Half Shoe <input type="checkbox"/></p> <p>Last Farrier Date: / /</p> <p>Other Notes: _____</p> <p>_____</p> <p>_____</p>

Terms and Conditions

This agreement is entered into this _____ day of _____, 2019, by and between Topline Equine Veterinary Care (hereafter referred to as TEVC) and the Mare Owner identified on page (1). TEVC agrees to breed the mare identified on page (1) by the method selected by the owner on page (1) to the stallion selected by the owner listed on page(1)or foal out the Mare identified on page (1).

1. The person signing this contract represents and warrants that he/she is the **true and lawful owner** of the mare, or if not the owner, then has actual authority to act as Owner’s agent for the purpose of entering into this contract, and to make any and all decisions regarding the animal and its veterinary care. The Mare Owner represents that they are the lawful owner of any frozen semen used in procedures, and if not, the Mare Owner will provide TEVC with the contract information for the lawful owner. The signatory shall be fully responsible for all charges incurred under this contract and shall indemnify, defend and hold harmless TEVC from any and all claims, of every kind and nature, arising as a result of or in connection with this contract (including any claim that such person lacked the right or authority to execute this contract on behalf of the true owner). All references in this contract to the Mare Owner shall be deemed binding upon the person signing this contract, and the owner of the mare (hereinafter, individually and collectively referred to as the Mare Owner).
2. Mare Owner agrees that during the period TEVC is in possession of the Mare and or Foal, good equine practice may suggest and/or require the Mare and or Foal to be vaccinated, dewormed, and feet trimmed or shod. Therefore, during the term of this contract, the Mare Owner hereby grants to TEVC the right and authority, based upon its independent judgement, to administer **routine preventative medicine** and to have the Mare and or Foal trimmed or shod at any time by the farrier selected by TEVC. The Mare Owner shall pay/reimburse TEVC for the cost thereof upon invoice as set forth below.
3. The Mare Owner hereby releases and shall indemnify and hold TEVC harmless from any claim, demand or loss arising from any disease, injury or death to the Mare and/or foal and/or in utero foal arising out of any undertaking by TEVC under the terms of this contract. Further, the Mare Owner shall exonerate, protect, indemnify, defend, and hold harmless TEVC, from and against any and all liabilities, expenses, claims, fines, penalties, costs, attorney’s fees, and damages of every kind (including, without limitation, those arising out of attributed, directly or indirectly, to or resulting from any and all negligent acts or omissions of the Mare Owner, whether caused by the sole negligent acts or omissions of Mare Owner or by the concurrent negligent acts or omissions of Mare Owner), arising out of attributed, directly or indirectly, to the use, possession, transportation (except for transportation, delivery and pick up by TEVC), condition, or storage of the mare, irrespective of the legal theory upon which any such claim or suit may be based. This indemnification shall extend to the successors and assigns of TEVC.
4. Mare Owner is responsible for any **costs related to semen used for the mare.**
5. Mare Owner agrees to **pay at time of arrival a down payment or “base” fee, of either \$ 385.00 or \$ 420.00, (whichever is applicable) and all charges in full** before departure of the Mare and or Foal. See Fee schedule attached hereto. At least 48 hours advance notice must be given prior to departure of the Mare and or Foal to allow preparation of required paperwork. The Mare Owner is required to make transportation arrangements for the mare and or Foal between the hours of 7:30am-5:00pm Monday through Friday, unless previous arrangements have been made well in advance.

6. **Mares will not be released if the bill is not paid prior to departure**, unless prior arrangements have been made.
7. All invoice **balances are payable within 30 days of monthly or final invoice**. After 30 days from billing date, interest of 1.5% per month on the outstanding balance will be assessed. TEVC reserves the right to refuse or suspend service when any of the Mare Owner's accounts with TEVC are past due. The Mare Owner agrees to pay all costs and reasonable attorney fees incurred by TEVC in attempting to collect any outstanding balance.
8. Mare Owner is responsible for **obtaining and paying for any insurance** desired on the Mare and/or foal and/or in utero foal. TEVC does not provide insurance.
9. Mare Owner is responsible for **parentage testing** of any foal.
10. Mare Owner is responsible for all **Breed Registry rules and regulations** including, but not limited to, brand inspections required by law.
11. If at any time TEVC determines, in its sole judgement and discretion, that the Mare and/or foal needs to be transferred to a referral clinic (Stillwater Equine Hospital or University of Minnesota) for medical or surgical treatment, the Mare Owner is responsible for all charges incurred. **These charges will be billed separately by the referral clinic** and must be paid in full before the animal can be returned back to TEVC. TEVC will make reasonable efforts to contact Mare Owner in the event that such transfer is required; however, if the Mare Owner cannot be immediately reached, Mare Owner hereby authorizes TEVC to initiate such transfer and exam.
12. This **contract is non-transferable**. If the Mare and or Foal is sold, all unpaid fees become immediately due and payable and no refunds will be made.
13. TEVC reserves the **right to discontinue service** at its discretion and to terminate this contract upon 10 days advance written notice to the Mare Owner
14. The Mare Owner will be considered in default of its obligations under this contract if the Mare Owner fails to remit any payment within 30 days after invoice or otherwise fails to observe, to comply with, or to perform any term, condition, or covenant contained in this contract and such failure continues for 10 days after TEVC gives the Mare Owner written notice thereof. In the event of default by the Mare Owner, TEVC may terminate this contract as of the date specified in the notice, without prejudice to any other right or relief provided by law. Jurisdiction and venue for any action to enforce this contract, or for damages or any other relief arising from or in connection with it, shall originate exclusively in the District Court in and for the County of St. Croix, State of Wisconsin.
15. This **contract constitutes the entire understanding** between the parties and supersedes any previous contract or understandings, whether oral or written, concerning the subject matter of this contract. No services other than those expressly stated in this contract will be provided by TEVC without an express, written and signed amendment to this contract.

By signing below, I acknowledge and agree to comply with the terms and conditions stated above. Further, I authorize TEVC to act as temporary agent on my behalf pursuant to paragraph (11) above should the Mare, her foal and/or pregnant recipient require emergency medical or surgical treatment and I authorize the release of medical and/or financial information from TEVC to the referral clinic/hospital.

IN WITNESS WHEREOF the parties have executed this contract as of the day and year set forth first above.
